What can you study with your subject combinations?

Here's a guide to navigating through this brochure.

Do you hold a National Senior Certificate (NSC)?

Find your subjects by scanning this code:

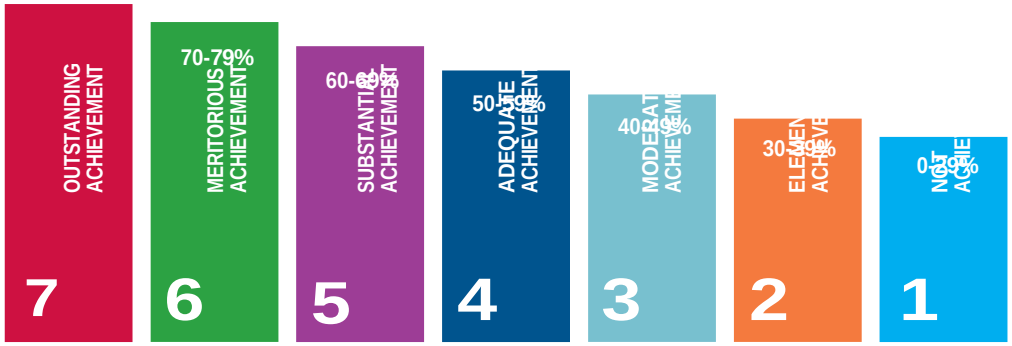

TABLE A – National Curriculum Statement and NCV Group A subject

Please note that some of the qualifications listed here may be replaced by HEQSF aligned qualifications, and the admission requirements may therefore differ between the existing qualification and the HEQSF aligned qualification.

Please consult the CPUT website or the respective faculty for updated

r website www.cput.ac.za and our Facebook page at www.facebook.com/cput.ac.za for updates

PROSPECTUS 2027

Cape Peninsula University of Technology
creating futures

CALCULATING THE APS SCORE

NOTE: Life Orientation cannot be used for any of the calculations.

You have to meet the individual subject admission requirements for the qualification. In addition, you also have to meet the minimum Admission Point Score (APS) scores using the method that applies to the qualification you are applying for.

METHOD 1: Best of six subjects

The APS is calculated using the percentage score for the 6 highest scoring subjects **including those required subjects** such as Mathematics, Physical Science, and English, but excluding Life Orientation and adding up all the raw scores, and dividing by 10.

For example:

SUBJECT	PERCENTAGE	CALCULATION
English	57%	57
Mathematics	55%	55
Subject 3	50%	50
Subject 4	54%	54
Subject 5	43%	43
Subject 6	45%	45
APS score (min)		304 ÷ 10 = **30.4**

METHOD 2: Double Maths and Science plus English and the next best subject

The APS is calculated using the percentage score for the required subjects such as Mathematics, Physical Sciences, English and a 4th highest subject, but excluding Life Orientation. Multiply the marks for Mathematics and Physical Sciences by 2 and add up all the raw scores, then divide by 10.

For example:

SUBJECT	PERCENTAGE	CALCULATION
English	57%	57
Mathematics	55% x 2	110
Physical Science	50% x 2	100
Subject 4	54%	54
APS score (min)		321 ÷ 10 = **32.1**

METHOD 3: Double Maths and Accounting, plus English and the 3 next best subjects

The APS is calculated using the doubling the percentage score for Mathematics and Accounting, and then adding the 4 next best subjects (excluding Life Orientation), then dividing by 10.

For example:

SUBJECT	PERCENTAGE	CALCULATION
English	57%	57
Mathematics	55% x 2	110
Accounting	62% x 2	124
Subject 4	54%	54
Subject 5	48%	48
Subject 6	65%	65
APS score (min)		458 ÷ 10 = **45.8**

Do you hold a National Certificate

If you hold a National Certificate (Vocational) and would like to apply to study in the Faculties of Business & Management Sciences or Engineering, you have to meet the following requirements:

Find your subjects by scanning this code:

- ✓ National Certificate (Vocational) Level 4 issued by the Council for General and Further Education and Training and compliance with the language requirements of CPUT
- ✓ Language requirements for Business & Management Sciences and Engineering courses

2027 APPLICATIONS OPEN 11 MAY 2026

ONLINE APPLICATIONS

ONLINE APPLICATIONS ARE FREE

All applications must be submitted online (unless otherwise indicated on the CPUT website).

THERE ARE 7 STEPS FOR APPLYING ONLINE

7

1 Are you not yet 18 years old?
First complete the minor declaration form signed by your parents/guardians before you submit your online application. The form is downloadable from the CPUT website at:
https://www.cput.ac.za/study-at-cput/undergraduate/apply/step-2#minor-applicants
Applications without the declaration will not be processed.

2 Choose your qualification by consulting this brochure or the website.

3 Gather your documents (i.e. certified copies not less than 3 months old).

4 Download the online applications guide on our website for information on how to apply online

5 Complete your application online by visiting
www.cput.ac.za/ study/apply

6 Follow-up and track the progress of your application via the online application tracking system by visiting
www.cput. ac.za/study/track
Official letters containing your application status will be available for download when ready. You may also receive SMS communication in this regard.

KEEP CHECKING THE CPUT WEBSITE FOR 2027 APPLICATION CLOSING DATES

RPL APPLICANTS:

Visit **https://www.cput.ac.za/study/rpl** for more details

Are you interested in CPUT residence accommodation? Complete your online residence application by visiting **https://www.cput.ac.za/study-at-cput/undergraduate/apply-for-residence**

Use your CPUT student number assigned to you and the pin that you have created.

EARLY CLOSING DATES:

Faculty of Health & Wellness Sciences:
BSc in Diagnostic Radiography (BPSDGR); BSc in Diagnostic Ultrasound (BPSDGU); BSc in Nuclear Medicine Technology (BPSNUM); BSc in Radiation Therapy (BPSRDT); Higher Certificate in Dental Assisting (HCDNAS); Bachelor of Health Science in Medical Lab Science (BPMLSC, BPSMLC) & Extended (BPMLSX, BPSMCX) / Articulation (BPMLSA, BPSMLA); Bachelor of Nursing (BPNURS) & Extended (BPNURX)
30 June 2026

Higher Certificate in Emergency Medical Care (HCEMDC); Diploma in Emergency Care (D2EMCA); Bachelor of Emergency Medical Care (BPEMCA, PBEMCA) & Extended (BPEMCX, PBEMCX); Bachelor of Health Science in Opticianry (BGOPTY); Diploma in Somatology (D3SOMA); Advanced Diploma in Somatology (ADSOMA)
31 July 2026

Faculty of Education:
Diploma in Grade R (DPEDGR); BEd in Foundation Phase (BEFNPT); BEd in Intermediate Phase Teaching (BEINPT); BEd in Senior Phase & FET Teaching (BESPFT); Diploma in Early Child Hood Care & Education (D3ECCE); Post Graduate Certificate in Education: FET (PGCFET); Post Graduate Certificate in Education in Senior Phase & FET Teaching (PGCSFT); Advanced Diploma in Technical & Vocational Teaching (ADTVET); Advanced Diploma in Adult and Community Education & Training Teaching (ADACET)
31 August 2026

INTERNATIONAL APPLICANTS:

Non-SA citizens; SA citizens with international qualifications, excluding Master's and Doctoral studies
31 August 2026

South African citizens i.e. refugees, individuals with permanent SA Residency status; undergraduate programmes, including Advanced Diploma programmes NOT closing earlier
30 September 2026

WHAT WILL IT COST?

Subject to change

Our course fees vary, are reviewed annually, and are subject to change.

5% discount is granted If payment in full is received for annual fees by the end of

2.5% discount is granted for first semester fees paid in full by the end of March

2.5% discount is granted for

The balance of your fees is payable in 10

ARE YOU AN INTERNATIONAL APPLICANT?

Prospective students registering for the first time MUST apply for study visas from their countries. Only returning students MAY renew their visas in SA.

Make sure you meet the selection criteria.
You will be required to submit the following documents (certified copies not less than three (3) months old):

- All qualification documents
- Academic transcripts
- Final certificates
- Passport or Refugee/ Asylum Seeker Permit or Permanent Residency Permit/ ID
- Certificates in foreign languages should be submitted, together with English translations completed by a sworn translator. Once you receive an official letter of acceptance and letter of intent from the Application & Registration Centre (ARC) of CPUT, apply to the SA Trade Representative closest to your home for a study permit.
- To enrol for a degree programme in South Africa, learners with international school leaving results are required to qualify for any type of Matriculation Exemption from the Matriculation Board (USAf) for admission into undergraduate degree studies. For further information, see www.mb.usaf.ac.za
- SAQA Certificate is compulsory for all other first-year undergraduate programmes (Higher Certificate, Diploma, etc.) including postgraduate programmes. See www.saqa.org.za

STUDY VISAS

International applicants are required to apply for a student permit by completing Form BI-1738. You may apply at the Department of Home Affairs or to the SA High Commission, if you are applying from your home country.

Prospective students using a passport should register to study with a valid study permit, which clearly indicates that the student is taking up formal studies at CPUT, and not at any other university or college in South Africa.

In addition to the payment listed for South African applications at registration, all foreign applicants (excluding refugees/asylum seekers and individuals with permanent resident status) will be required to pay the following fees:

Subject to change

- R1 500 administrative levy (non-refundable, once-off payment for all applicants registering for the first time – except for refugees and applicants with permanent

resident status in SA)

- All international students must pay the upfront payment of R3500, and 50% upfront payment of the tuition fees.
- The balance of the fees for the year must be paid by 31 May of the year of
- 12 months South African Medical Aid letter (certificate) MUST also be included when registering.

International students outside the African continent pay double the official university tuition fees.

Please visit CPUT website for detail information regarding international matters.
https://www.cput.ac.za/study/international-applicants

Y OF APPLIED SCIENCES

Are these your school subjects?

English
Mathematics or Mathematical Literacy
Physical Science
Life Science

DIPLOMA IN AGRICULTURE; DIPLOMA IN AGRICULTURAL MANAGEMENT

Agriculturalists are involved in the management of the agricultural industry, which includes animal production, crop production, viticulture, and oenology. They are actively involved in day-to-day farming activities, including planning, care of, and harvesting of agricultural products.

Who would like this

People who enjoy working outdoors and are interested in the agriculture sector.

Future career

Private and commercial farms, government organisations, laboratories, agricultural research, quality control, production and marketing.

DIPLOMA IN BIOTECHNOLOGY

Biotechnologists are involved in the industrial use of living organisms (or parts of organisms) to produce food, drugs, and other products. This ranges from fermentation, plant, and animal hybridization, to genomics.

Who would like this

People who enjoy science and laboratory work.

Future career

Pharmaceutical companies, chemical manufacturers, the food industry.

DIPLOMA IN ANALYTICAL CHEMISTRY

Chemistry is a "central science" which involves many scientific fields. It deals with matter and its changes, and seeks to understand the composition of substances for practical use in order to meet society's needs. Chemists are concerned with the production and use of energy.

Who would like this

People who enjoy science and laboratory work.

Future career

Mining, pharmaceutical, forensics, education, petrochemical, agriculture, food companies, or environmental companies.

DIPLOMA IN CONSUMER SCIENCE: FOOD & NUTRITION

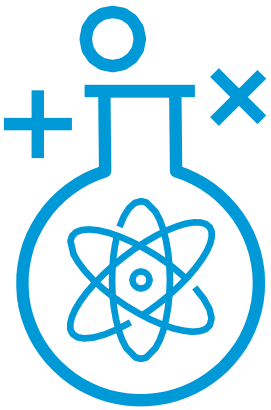

Graduates are trained for the convenience food manufacturing, retail and food service industries. They are involved in the development and production of convenience food products and in management within the food retail and food service industries.

Who would like this

People who have a passion for food and an interest in the well being of the consumer.

Future career

Convenience food manufacturing industry, retail industry, food service industry.

DIPLOMA IN ENVIRONMENTAL MANAGEMENT

Graduates manage environmental issues such as water demand, energy and transport impacts, environmental impact assessments, and environmental policies.

Who would like this

People who are interested in protecting the environment.

Future career

Government departments such as the Department of Environmental Affairs and Tourism, Water Affairs and Forestry, manufacturing and processing industries, and consulting companies.

BACHELOR IN ENVIRONMENTAL HEALTH

The task of the Environmental Health Practitioner is determined by legislation and the scope of practice, which is directed to ensure a safe and healthy environment for the public through the monitoring of water quality, food safety and sanitation standards amongst others.

Who would like this

People who are interested in working in the outdoor environment and within communities.

Future career

As a Health Professions Council of SA registered EHP one operates within the district health system of South Africa. Local authorities are the guardians of environmental health and are the main employers. EHPs can also work in industry, as consultants, or for various government departments.

DIPLOMA IN HORTICULTURE

Horticulturalists propagate, cultivate and maintain plants to promote the use of plant material for the improvement of the built environment.

Who would like this

People who enjoy cultivation and growing of plants for ornamental, food and cut flower for aesthetic purposes.

Future career

Private sector of wholesale / retail nurseries, landscape industry, Departments of Agriculture and Public Works, SANBI, SANPARKS and municipalities.

DIPLOMA IN LANDSCAPE ARCHITECTURE

Landscape technicians apply their knowledge of the use of ornamental plants and hard landscaping materials to design, implement and manage landscape projects. They create spaces that are aesthetically pleasing, functional, and ecologically sustainable.

Who would like this

People who enjoy design and drawing in an office environment.

Future career

Register as a professional landscape architect to work for architectural firms and landscape project developments.

DIPLOMA IN MATHEMATICAL SCIENCES

Graduates apply a broad range of advanced mathematical, statistical and computational techniques to analyse data and solve real-world problems.

Who would like this

People with a keen interest in Mathematics and who want to develop their analytical and problem-solving skills; people who like the challenges brought on by real-world problems.

Future career

Financial sector, such as banks, investment firms and insurance companies, manufacturing industries, the commerce sector, science and technology sector, research organisations.

BACHELOR OF FOOD SCIENCE & TECHNOLOGY

Food technologists are involved in the large-scale production and preservation of foods as well as the development and analysis of foodstuffs in industrial food processing facilities. They are also involved with quality assurance processing technology, chemistry and microbiology.

Who would like this

People who enjoy working in the science laboratory, who pay attention to detail, have innovative skills, and an interest in food processing and the food industry.

Future career

Job opportunities abound in food processing and manufacturing companies, regulatory and research environments, as well as self-employment.

DIPLOMA IN NATURE CONSERVATION

Nature conservationists are concerned with the management of natural resources with the purpose of protecting and sustaining biodiversity in species, ecosystems, the evolutionary process, as well as human culture and society.

Who would like this

People who are passionate about nature, enjoy the outdoors and want to make a difference in the conservation of our natural environment.

Future career

National parks, game and nature reserves, botanical gardens, environmental NGO's, environmental consultancy firms.

DIPLOMA IN MARINE SCIENCE

Marine scientists are involved in research and management relating to marine and coastal environments and ecosystems.

Who would like this

People who are intrigued by the marine and coastal environments and related industries.

Future career

Government departments (national, provincial and local), nonprofit organisations, consultancies, private and national parks, marine and coastal reserves, research and training organisations, marine companies.

FACULTY OF BUSINESS & MANAGEMENT SCIENCES

Are these your school subjects?

English

Business Studies

Mathematics

Mathematical Literacy: For certain courses only

Recommended: Accounting or Economics

DIPLOMA IN ACCOUNTANCY

Accountants record, process and maintain financial information in a variety of industries. Through further studies gradutes also have the potential to start their own Accounting practice or reach senior levels within an organisation.

Who would like this
People who are organised, have strong analytical skills, enjoy keeping records, working with numbers, and compiling reports.

Future career
Most businesses and organisations, including private and governmental, e.g. Fast Moving Consumer Goods (FMCG), state departments, retail industries, etc.

DIPLOMA IN ENTREPRENEURSHIP

Entrepreneurs play a key role in the economy by starting their own businesses, which in turn creates job opportunities, thus contributing to economic development.

Who would like this
Those who are business savvy, innovative, and enthusiastic about starting their own business.

Future career
Self-employment, non-profit organisations (NPOs), non-governmental organisations (NGOs), government organisations or departments, the finance/ investment sector.

DIPLOMA IN EVENT MANAGEMENT

Event managers manage all kinds of events set within any type of environment. They oversee the entire development of an event from conceptualisation to post-event activities to ensure that it meets their client's brief and budget.

Who would like this
Enthusiastic, organised people who enjoy working with others.

Future career
Event companies, marketing companies, corporate environments, and the hospitality industry.

DIPLOMA IN PUBLIC ADMINISTRATION

Graduates are equipped to work across a wide range of public sector administration and management functions. These include public service delivery, policy development and analysis, governance, and financial management within national, provincial and local government, as well as public entities, and non-profit organisations.

Who would like this
Individuals who are motivated by public service delivery, committed to ethical conduct, and passionate about improving communities.

Future career
Career opportunities in national, provincial and local government, as well as public entities, non-profit organisations working closely with government.

DIPLOMA IN RETAIL BUSINESS MANAGEMENT

The variety of retail and wholesale business is virtually unlimited. Many areas of retail can be explored, e.g. management, procurement or buying, stock control, merchandising, sales, administration, logistics, retail planning, or finance.

Who would like this
Those with strong interpersonal and organisational skills, and who would like to develop into successful managers in this sector.

Future career
Department stores, hypermarkets, shopping centres, speciality stores, general dealers, chain stores, supermarkets, factory stores, boutiques and restaurants.

DIPLOMA IN BANKING

This qualification will enable applicants to successfully pursue a career in banking and other financial services institutions.

Who would like this
Persons with strong ethical culture and high capacity to adapt to changes.

Future career
Credit manager or loan officer, risk manager, customer relationship manager, personal banker, assistant branch manager, finance administrator, accountant.

DIPLOMA IN HOSPITALITY AND HOTEL MANAGEMENT

Hospitality managers ensure the smooth running of accommodation establishments. They oversee all hospitality aspects, including reception, housekeeping, general maintenance, budget management, and marketing.

Who would like this
Individuals who enjoy working with people in a very busy environment, and are customer service orientated.

Future career
Hotels, guesthouses, bed and breakfast establishments, and game lodges.

DIPLOMA IN HOSPITALITY AND FOOD & BEVERAGE MANAGEMENT

Food and beverage managers oversee the operation of restaurants, banqueting establishments, and food service establishments. They manage all aspects of offering food and beverage, including staff management, stock control, and a number of other managerial tasks.

Who would like this
Individuals with strong management skills and an interest in the food and beverage industry.

Future career
Restaurants, entertainment and conference venues, banqueting facilities, events companies, catering companies, private and government departments.

DIPLOMA IN HOSPITALITY MANAGEMENT AND PROFESSIONAL COOKERY

Professional cooks create mouth-watering gourmet cuisine and develop new recipes and menus. Graduates can work as chefs in any hospitality environment.

Who would like this
Individuals who enjoy preparing food, learning new recipes, and experiencing new tastes.

Future career
Restaurants, coffee shops, bakeries, entertainment and conference venues, banqueting facilities, events companies, catering companies, private and government departments.

DIPLOMA IN REAL ESTATE

Real estate is about more than just selling property. Become multi-skilled in property marketing, building practice and property valuation services through this course.

Who would like this
People with a keen interest in the property business.

Future career
Real estate agencies, private sector and financial sector.

DIPLOMA IN TOURISM MANAGEMENT

A career in tourism allows for great diversity as well as specialisation. Graduates can work as travel agents, tour guides or in various areas of the travel industry.

Who would like this
Those who are outgoing, are interested in the travel industry, and enjoy working with people.

Future career
Accommodation and hospitality, distribution channels, transportation, travel planning, management and coordination (e.g. regional tourism organisations), and marketing.

DIPLOMA IN HUMAN RESOURCE MANAGEMENT

From recruiting employees to providing training or development and managing employee relations, individuals in HRM are involved in the management of an organisation's most valuable asset: its people.

Who would like this
People who are organised and are interested in both the corporate and public sector's human resources.

Future career
Small and large private organisations and the public sector provide a wealth of opportunities.

DIPLOMA IN MANAGEMENT

You can become involved in the day-to-day management activities of an organisation. Be involved in planning, organising, controlling, coordinating, financial administration, projects and human resource management.

Who would like this
Organised individuals who enjoy working with people.

Future career
Small and large businesses, the public sector, consulting companies, government.

DIPLOMA IN SPORT AND LEISURE MANAGEMENT

From managing sport teams to fitness centres, sports management offers an exciting career in the sport, fitness and wellness industry.

Who would like this
Individuals who are interested in the business aspects of sport.

Future career
Sport marketing; Digital marketing creator/ coordinator for sport and leisure/brands; Sport and recreation centre manager

DIPLOMA IN MARKETING

The Department has a brand and digital focus because brand is at the core of all marketing, and we live within a digital era. This Diploma blends strategy and creativity, artificial intelligence (AI), crafts stories, and shapes perceptions to drive business success

Who would like this
Those who want a solid theoretical foundation and application in brand and marketing

Future career
Brand Management, Marketing & Sales, Advertising Agencies, Media & Communication, Digital Marketing, Market Research Firms

DIPLOMA IN BUSINESS & INFORMATION ADMINISTRATION

Organisations cannot cope without people who are skilled in office management and technology; ensuring the smooth running of an organisation, through a comprehensive range of managerial, technological and communication skills.

Who would like this
Those with good interpersonal and organisational skills.

Future career
A variety of fields in the business, government, corporate and private sectors.

DIPLOMA IN OPERATIONS MANAGEMENT

Explore the strategic management of an organisation's operations and learn how to plan an organisation's budgets, oversee production and ensure quality control.

Who would like this

Organised individuals who enjoy working with technology.

BACHELOR OF PARALEGAL STUDIES

Paralegal Studies will prepare you for a wide range of existing and emerging careers in the paralegal sector and serves as both a preparatory and screening mechanism for the postgraduate LLB.

Who would like this

Those with good interpersonal and

Future career

Careers exist in the private and public sectors, including, government departments, courts, community-based advice offices, law offices and companies.

BACHELOR OF BUSINESS INFORMATICS

The purpose of the degree is to provide a foundation knowledge and interdisciplinary qualification that engage students in deep learning in both combined fields of study of Business and Informatics.

Who would like this

Independent-minded graduates who can apply new ideas and technologies to address business challenges.

Future career

Business/ Information/ Information Systems Architect; Information/ Information Systems Engineer; Systems Analyst/ Designer; Business Process Analyst, Engineer, Manager; Business

Applicants must submit a motivation letter detailing their reasons for applying and indicating their understanding of the industry and the possible career prospects.
	Diploma in Tourism Management (Extended)	24 (M) 26 (ML)	1	4	2	4		
	Diploma in Events Management	28 (M) 30 (ML)	1	4	2	4		Including one of the following: TOUR, ECO, HS, BUS, ACC, CAT, IT (no rating required). Applicants must submit a motivation letter detailing their reasons for applying and indicating their understanding of the industry and the possible career prospects.
	Diploma in Events Management (Extended)	24 (M) 26 (ML)	1	4	2	4		
SPORT MANAGEMENT	Diploma in Sport and Leisure Management	25 (M) 27 (ML)	1	4	2	4		Applicants are required to complete the form entitled "Non-Academic Review Component for Sport Management" in order to inform the prospective student about the Sport Industry, and allow them to indicate their involvement in sport, as well as cultural and leadership activities. Participation as a player, coach or administrator at international/ national/ provincial level will be a recommendation. Generally, students who have met the minimum requirements for admission to bachelor's degree stand a greater chance of being accepted.
	Diploma in Sport and Leisure Management (Extended)	23 (M) 25 (ML)	1	4	2	4		

CAPE TOWN HOTEL SCHOOL	Diploma in Hospitality and Hotel Management	26 (M) 28 (ML)	1	4	2	4		Including one of the following: ACC, CS, BUS, HS, LS, TOUR (no rating required). Work experience recommended. Informative one-on-one discussion or telephonic discussion with students to give an overview of the hospitality sector.
	Diploma in Hospitality and Food & Beverage Management	26 (M) 28 (ML)	1	4	2	4		
	Diploma in Hospitality Management & Professional Cookery	26 (M) 28 (ML)	1	4	2	4		
UNIT FOR APPLIED ECONOMICS	Diploma in Real Estate	26	1	4	2	4		Including one of the following for full-time studies:: ECO, BUS, ACC 4 Distance students: must be full-time employed and have relevant practical experience (real estate/property related); those who do not meet the subject requirements may apply for access via RPL if they have the necessary skills, knowledge and experience.
APPLIED LEGAL STUDIES	Bachelor of Paralegal Studies	30	1	4	3	4		Including one official language at level 4 (Excluding English).

Please email any Faculty of Business and Management Sciences queries to: **business@cput.ac.za**

Please note that the Faculty is prioritising Choice 1 applications for admission. This applies to all programmes, except the Diploma in Events Management, which will be considered beyond Choice 1 applications, subject to availability and capacity.

FACULTY OF EDUCATION

creating futures in education and teaching

Official language as enshrined in the Western Cape Language Policy (Afrikaans, English, isiXhosa) will be a requirement

GENERAL EDUCATION & TRAINING (GET)

DIPLOMA IN EARLY CHILDHOOD CARE AND EDUCATION

Currently only on Mowbray campus (Friday afternoons and Saturday mornings).
Offered to those students who wish to teach or are teaching young children from birth to four years old in a WCED registered early childhood centre.
Since Foundation Phase teachers are generalists and have to be able to teach all subjects in the school curriculum, the course provides for a full programme including a strong focus on literacy, numeracy and life skills from Gr R to Gr 3.

A student who wishes to study for the Diploma in Early Childhood Care and Education is required to have the following:

Level 4 or 5 Early Childhood Diploma or matric with a diploma endorsement; Evidence of working in an early childhood centre (registered with the WCED) specifically working with children from birth to four.

DIPLOMA IN GRADE R TEACHING

Currently offered part time both on the Mowbray and Wellington campuses. Offered to those who wish to become a qualified Grade R teacher. Early Childhood Development (ECD) Level (4) and/or (5) with experience in Grade
R teaching may also apply. Applicants who intend to register for the Diploma Gr R are also required to provide evidence that they are working in a Grade R classroom at a registered WCED ECD centre or school.

A student who wishes to study for the Diploma in Grade R is required to have the followin

Matric with a diploma endorsement and/or an Early Childhood Diploma with Level 4 and/or 5.

BEd FOUNDATION PHASE TEACHING

Since Foundation Phase teachers are generalists and have to be able to teach all subjects in the school curriculum, the course provides
for a full programme including a strong focus on Inclusive Education, Literacies, Numeracies and Grade R.

BEd INTERMEDIATE PHASE TEACHING

Since Foundation Phase teachers are generalists and have to be able to teach all subjects in the school curriculum, the course provides for a full programme including a strong focus on literacy, numeracy and life skills from Gr R to Gr 3.

BED SENIOR PHASE AND FURTHER EDUCATION & TRAINING TEACHING

This degree will enable you to teach in the Senior phase (Grades 7-9) and Further Education and Training (Grades 10-12). The degree equips teachers with the knowledge, skills, values and attitudes to adapt, think critically and creatively to ensure they are active reflective and responsive stakeholders in the ever-changing educational landscape in our democratic society.

FUTURE STUDIES

- Advanced Diploma in Adult and Community Education and Training Teaching
- Advanced Diploma in Technical and Vocational Teaching
- Postgraduate Certificate in Further Education and Training Teaching
- Postgraduate Certificate in Education for Senior Phase and Further Education and Training Teaching
- Bachelor of Education Honours in Teaching & Learning
- Bachelor of Education Honours in Educational Management & Leadership
- Master of Education

QUALIFICATION	APS METHOD	MINIMUM ADMISSION REQUIREMENTS	ADDITIONAL INFORMATION	COMMENTS/ ADDITIONAL REQUIREMENTS
BACHELOR IN EDUCATION: FOUNDATION PHASE TEACHING Language of Instruction: Mowbray – English Wellington – Afrikaans	32	Home Language (4): Afrikaans, English or isiXhosa First Additional Language (3): Afrikaans, English or isiXhosa (One of the languages must be the language of instruction) Mathematics (3) or Mathematical Literacy (5)	Due to the limited number of spaces available, admission is not guaranteed. Selection will be based on Grade 11 final results for provisional acceptance and for full unconditional acceptance of the final National Senior Certificate (NSC) and school-leaving results.	NSC • An achievement rating of at least (4) in four subjects from the subject list (Bachelor's degree endorsement) • At least one of these four subjects should be an official language as enshrined in the Western Cape Language Policy (Afrikaans, English, isiXhosa) • An achievement rating of at least (3) in another official language of South Africa • An achievement rating of at least (4) in subjects related to the elective offerings of the specific Teacher Education programme for which you applied, such as: Mathematics, Accounting, Life Sciences, and Physical Sciences OR NCV (National Certificate Vocational), Level 4, issued by Council for General and Further Education & Training 1. At least 60% in three fundamental subjects, including the LoLT of the institution: • English (official language at first additional language level, 20 credits) at NQF Level 4 • Mathematics (20 credits) at NQF Level 4 OR Mathematical Literacy (20 credits) requiring a pass rate of at least (70%) 2. Achieve at least 70% in four vocational subjects: (20 credits each), chosen from the NC(V) Level 4 subjects: • An additional language (other than the LoLT at the institution), either Afrikaans or isiXhosa • Three, of which at least two are 20 credit bearing vocational subjects, related to the elective offerings of

Grade 11 final results for provisional acceptance. Full acceptance will be based on the final NSC and school-leaving results.	the specific Teacher Education programme for which you've applied All applications which comply with the minimum criteria will be considered in the next round of selection which could include the consideration of: quality of academic result, admission examinations, interviews, a confidential report requested from the principal of a particular school.

FACULTY OF HEALTH & WELLNESS SCIENCES

Are these your school subjects?

English
Mathematics or Mathematical Literacy
Physical Science
Life Science

HIGHER CERTIFICATE (HC) IN EMERGENCY MEDICAL CARE

DIPLOMA IN EMERGENCY CARE

BACHELOR OF EMERGENCY MEDICAL CARE

Emergency Medical Care (EMC) practitioners are often the first healthcare professionals at an emergency scene. They are trained to treat patients that need urgent medical care by performing pre-hospital medical procedures and also perform rescue operations.

Who would like this
People who have an interest in the medical field and who enjoy a challenge.

Future career
Emergency and rescue services, private emergency services, South African National Defence Force, mining industry, as well as international occupational health and safety and emergency services.

BACHELOR OF SCIENCE (BSC) IN MEDICAL IMAGING AND THERAPEUTIC SCIENCES

- Diagnostic Radiography (Max 65 candidates/year)
- Radiation Therapy (Max 14 candidates/year)
- Nuclear Medicine Technology (Max 7 candidates/year)
- Diagnostic Ultrasound (Max 12 candidates/year)

With four different streams to choose from, this career combines a love of working with people with operating modern technology. Radiographers make use of various equipment for the diagnosis and treatment of disease.

Who would like this
People with an interest in medical technology imaging and treatment, and don't mind working with sick people.

Future career
Academic hospitals, community health centres, private and public practice (both nationally and internationally), research institutes.

HIGHER CERTIFICATE (HC) IN DENTAL ASSISTING

Dental Assistants are trained to assist dentists with the treatment of patients.

Who would like this
People who have an interest in dental care.

Future career
Dental clinics in the state and provincial structures (nationally and internationally), and private practices.

BACHELOR OF HEALTH SCIENCES IN DENTAL TECHNOLOGY

The Dental Technology profession forms part of the larger dental team, responsible for restoring oral function and aesthetic. A dental technologist/ technician is engaged with patient-specific dental work, making various dental prostheses.

Who would like this
People who enjoy working with their hands; have a strong interest in medical science, human biology and technology; work hard and pay attention to detail.

Future career
Dental laboratories in state and provincial structures (nationally and internationally), and private laboratories.

BACHELOR OF HEALTH SCIENCES (BHSc) IN MEDICAL LABORATORY SCIENCE

Medical Laboratory Scientists play an important role in the healthcare sector by providing information about a patient's state of health by testing for diseases.

Who would like this
People with an analytical mind, who enjoy a challenge and are intrigued by the human body and disease and who would love to work in a laboratory analysing specimens received from patients.

Future career
Laboratories at blood transfusion services, private pathology practices, the National Health Laboratory Services, the Medical Research Council, forensic laboratories, veterinary practices, and pharmaceutical companies.

BACHELOR OF HEALTH SCIENCE IN OPTICIANRY

This career offers the perfect balance between working with people and modern scientific technology. A dispensing optician processes ophthalmic lenses and produces devices to correct defects in a person's vision. This entails screening before eye examinations as well as adjusting, maintaining, and repairing spectacles.

Who would like this
People who have an interest in the medical field and enjoy working with modern technology.

Future career
Private practices, wholesale laboratories, optical companies, public sector hospitals and clinics.

BACHELOR OF NURSING

Nurses play a key role in the health sector. They are trained to administer care to patients and advise on health maintenance and disease prevention. Nurses also work closely with doctors and other health care professionals.

Who would like this
People who are interested in the medical field, are compassionate, and enjoy helping people.

Future career
Hospitals, private emergency services, private practices, physician offices, hospices, private companies, clinics.

DIPLOMA IN SOMATOLOGY

Somatologists are trained to assess and provide treatments for skin and body conditions. These treatments improve people's general wellness and aesthetic appearances.

Who would like this
People who have an interest in health and skincare, and who enjoy working with people.

Future career
Health and skincare clinics, cruise liners and spas.

Mathematics or Mathematical Literacy

Technical Drawing subjects

Design

Geography

Business Studies

DIPLOMA IN ARCHITECTURAL TECHNOLOGY

Architectural technologists use their knowledge and skills in construction methods, materials and innovative building design to create documentation used for the construction of buildings.

Who would like this

People who are creative, can draw well, and have an interest in architecture and construction.

Future career

Architectural firms, property developers and government departments.

DIPLOMA IN FASHION

Fashion graduates are involved in the creative and technical skills of design, pattern-making, and sewing.

Who would like this

Individuals who are creative and have a flair for fashion, style and a love of all aspects influencing

clothing design.

Future career

Clothing retail stores and clothing manufacturers. Self employment.

DIPLOMA IN FILM PRODUCTION

The film and television industry is fast-paced and sees graduates working in various areas of the industry. Graduates are involved in script writing, production management and directing. Those who enjoy the technical aspects of the industry are involved in camera operations, editing, sound and

DIPLOMA IN INFORMATION & COMMUNICATION TECHNOLOGY

- Applications Development
- Communication Networks
- Multimedia Applications

The widespread use of computers has resulted in an on-going need for highly-skilled information technology personnel. Applications Development graduates are prepared for careers in computer programming, IT business

solutions, software development, and systems analysis design. Communication Networks graduates are prepared for careers in network design and administration. Multimedia Applications graduates are involved in the design of digital, video, websites, mobile applications, interactive games, and music videos.

Who would like this

People who have an interest in computers and new technology.

Future career

Information technology companies (Applications Development and Communication Networks graduates). Electronic media design, website design, interactive media, and virtual reality industry (Multimedia Applications graduates).

HIGHER CERTIFICATE IN INFORMATION & COMMUNICATION TECHNOLOGY

There is an ongoing need for a wide range of highly-skilled information technology personnel in SA. As the field is subject
to rapid technological change, it requires professionals who are well trained in IT Service Management. This programme is offered in collaboration with the College of Cape Town, Northlink, and False Bay.

Who would like this

People who have an interest in computers and new technology.

Future career

A career path in this field ranges from an IT Service Desk Trainee to an IT Service Manager.

DIPLOMA IN INTERIOR DESIGN

Interior designers use colour palettes, furniture, lighting.

Who would like this

Individuals who are creative, are interested in media production and love films.

Future career

Students are prepared for careers in the feature film, commercial, video, television, and sound industries.

DIPLOMA IN JOURNALISM

Journalists collect, write or distribute news or other current information in various media, such as newspapers, radio and television.

Who would like this

Individuals with a flair for language and with strong writing and analytical skills.

Future career

Newspapers, magazines, marketing companies, public relations companies, government.

DIPLOMA IN PHOTOGRAPHY

Photography is the art, science and practice of making, processing and delivering images to the fast-paced world of modern visual communication. This course equips students with the skills, knowledge, and discipline essential for pursuing exciting, varied and fast-paced career options.

Who would like this

A career in photography will suit those individuals who are highly creative, self-motivated and passionate about photography; those who have a flair for creating images that communicate well within the modern media sphere.

Future career

Commercial photography (e.g. portraiture, people and lifestyle, fashion, advertising action, architecture, nature, etc.); news photography; photojournalism; documentary photography; fine art photography; photographic post-production, etc.

DIPLOMA IN PUBLIC RELATIONS & COMMUNICATION

The role of a public relations practitioner is vast, ranging from planning an exhibition or special event to developing a media strategy, writing a press release or making a corporate video.

Who would like this

Individuals who enjoy working with people, who can multi-task, and who have excellent language and writing skills.

Future career

Media, private and public companies, shopping malls, welfare groups, consultancies, and government departments.

DIPLOMA IN PRODUCT DESIGN

and intelligent construction methods to create spaces that are aesthetically pleasing and functional. They combine design, practical problem-solving and knowledge of construction methods in their daily work.

Who would like this

People who are creative, artistic, enjoy hands-on work, and have an interest in interior spaces.

Future career

Property developers, interior design and architecture firms and self-employment.

TY OF INFORMATICS & DESIGN

DIPLOMA IN JEWELLERY DESIGN & MANUFACTURE

Graduates use their technical skills to manufacture jewellery, from preparation of metals through to final finishing. They are skilled to work in various areas of the jewellery
industry, including management, marketing, and manufacturing.

Who would like this

Individuals who are creative and enjoy manufacturing jewellery.

Future career

Jewellery retail stores, boutiques, jewellery design studios.

With this course, you will become skilled in applying the design process to problems related to mass-produced products, produce conceptual sketches, technical specifications, rendered images, and physical or virtual 3D-models to communicate proposed solutions professionally.

Who would like this

Individuals who have drawing skills and who have a keen eye for design.

Future career

Manufacturing companies, or design-related fields such as furniture design, special effects, and props for the film industry.

NB CLOSING DATE:
30 SEPTEMBER

Architectural Technology Fashion

Visual Communication Design

Interior Design

Jewellery Design & Manufacture

Product Design

DIPLOMA IN URBAN & REGIONAL PLANNING

Urban and Regional Planners lay out and plan the extension of towns and cities. They perform land include appraisals, plan surveys, and analyse and present data by identity, digital and using maps, graphs, diagrams, and sketches.

Who would like this

People with an interest in the management, development enjoy and growth of cities, towns and regions, as well as the improvement and regeneration of urban environments.

Future career

Private planning firms, property developers, local and desk provincial authorities, state departments and non-

DIPLOMA IN VISUAL COMMUNICATION DESIGN

Visual Communication Designers communicate ideas visually to a range of target markets. Design areas advertising, branding, corporate interactive design, illustration, packaging, and photography.

Who would like this

Creative individuals who can draw well and communicating ideas through design.

Future career

Advertising agencies, design studios, printing and publishing houses, brand agencies, in-house design, top publishing promotional design illustration

FACULTY OF ENGINEERING & THE BUILT ENVIRONMENT

Are these your school subjects?

English
Mathematics
Physical Science

DIPLOMA IN GEOMATICS
BACHELOR OF GEOMATICS (SPECIALISING IN SURVEYING OR GEOGRAPHIC INFORMATION SCIENCE)

Geomatics is an umbrella term, and includes the tools and techniques used in the disciplines of land surveying, photogrammetry, remote sensing, geographic information systems (GIS), geodesy, and cartography. A surveyor is responsible for the collection, representation and management of spatial data. GIS practitioners are responsible for analysing, modelling, and presenting spatial information. Graduates work with spatial information and would be able to manipulate data and provide information about the earth to planners, engineers, environmental managers, and the commerce sector.

Who would like this
Those interested in geography, computer science, mathematics, science, physics and information technology; have an aptitude for design, and love variety and working both indoors and outdoors.

Future career
Research institutes, private corporations, government departments, land surveying firms, municipalities, and self-employment.

DIPLOMA IN CONSTRUCTION

From managing the construction of new roadways to stadiums, our graduates with a building qualification are sought after in industry. They are involved in all management aspects in the construction industry.

All applicants must score 25 unweighted NSC points as per table below (scores for Life Orientation must be excluded from the points calculation):

NSC Rating	7	6	5	4	3	2	1
NSC %	80-100	70-79	60-69	50-59	40-49	30-39	0-29

Who would like this
People who are interested in the construction industry and who have strong mathematical skills.

Future career
Construction companies, consulting engineering companies and self-employment.

DIPLOMA IN CHEMICAL ENGINEERING
BACHELOR OF ENGINEERING TECHNOLOGY IN CHEMICAL ENGINEERING

Ever wondered how petrol, aspirin, vinegar, paint or gold are produced? Chemical Engineering graduates will be able to tell you the answer. These professionals are trained to convert raw materials into high value products using processing and design principles. e.g. the production of petrol and diesel from crude oil and the manufacture of chemicals, explosives, fertilizers and plastics.

Who would like this
People who have strong mathematical, science and problem-solving skills.

Future career
Petroleum refineries, mines, chemical processing and pharmaceutical industries, food processing and agro-allied industries; environmental engineering, financial houses, government and research organisations.

DIPLOMA IN CIVIL ENGINEERING
BACHELOR OF ENGINEERING TECHNOLOGY IN CIVIL ENGINEERING

Civil Engineers maintain and adapt the infrastructure that we depend on every day – our roads, railways and bridges; energy and water supply; waste networks and flood defences.

Who would like this
Individuals who are innovative, logical, creative and have strong problem-solving skills.

Future career
Consultants, contractors and government agencies.

DIPLOMA IN CLOTHING AND TEXTILE TECHNOLOGY

If you are interested in a career as a clothing technologist, clothing buyer, production manager or stylist, then this course is the right fit for you. These professionals plan and control the production, manufacturing and retail sectors of the clothing industry.

Who would like this
Individuals with good organisational skills, and who are natural planners.

Future career
Clothing industry, Textile industry, and the Retail sector.

DIPLOMA IN ENGINEERING TECHNOLOGY IN ELECTRICAL ENGINEERING
BACHELOR OF ENGINEERING TECHNOLOGY IN ELECTRICAL ENGINEERING
DIPLOMA IN ENGINEERING TECHNOLOGY IN COMPUTER ENGINEERING
BACHELOR OF ENGINEERING TECHNOLOGY IN COMPUTER ENGINEERING

Electrical and Computer Engineers are the driving force behind the technological age. With this qualification graduates can choose to work in various sectors of the electrical and computer engineering industry.

Who would like this
Individuals who enjoy electronics and who have strong mathematical skills.

Future career
Electrical engineering companies, municipalities, Eskom, research and training organisations, and facility management companies.

DIPLOMA IN INDUSTRIAL ENGINEERING

Industrial Engineers optimise complex processes and systems, manufacturing methods, plant layout and materials handling, production control, purchasing and stock control, quality control, work standards and industrial economics. Their main task is to ensure that the most effective and efficient processes are used to ensure improved productivity in industry.

Who would like this
Individuals with strong planning and organisational skills and who are interested in the engineering or

service sector.

Future career
All manufacturing firms and service-based organisations.

BACHELOR OF NAUTICAL SCIENCE

Maritime Studies graduates are seeing the world. An internationally recognised qualification, these professionals are trained to work aboard ships, with their duties ranging from navigating to supervising cargo operations in the ports. They are employed by the Merchant Navy as Navigators.

Who would like this
Individuals who have a love for the ocean and who are interested in shipping.

Future career
Shipping and maritime industry.

DIPLOMA IN MECHANICAL ENGINEERING

Graduates use mechanical engineering techniques and mechanical engineering knowledge to solve engineering problems. This exciting career offers graduates a wide choice of career paths, from manufacturing race cars to building satellites.

Who would like this
Individuals who have strong analytical skills and who are interested in engineering.

Future career
Mining companies, automotive plants, engineering and production companies, building service contractors and consulting engineers.

DIPLOMA IN MECHANICAL ENGINEERING IN MECHATRONICS

From designing machines that bottle cool drinks to labelling packages, graduates make use of their skills in electronics, software and mechanical engineering for the design and manufacture of products and processes.

Who would like this
Individuals who are interested in all areas of engineering and who enjoy solving problems.

Future career
Manufacturing companies, engineering consulting agencies.

BACHELOR OF MARINE ENGINEERING

Graduates from this programme have combined their love for shipping with their interest in mechanical engineering. An internationally-recognised qualification, these professionals' tasks include maintenance of the marine engineering propulsion plant and equipment.

Who would like this
Individuals who have a love for the ocean and who are interested in shipping.

Future career
Shipping and maritime industry.

CLOTHING & TEXTILE TECHNOLOGY	Diploma in Clothing & Textile Technology	26 with M (3); 28 with ML (4)	26 with M (3); 28 with ML (4)	Method 1	4	3	5	4	--	--	Online selection test	M (N4) – 50% Clothing Production (N4) – 60%		E (5) (60 – 69%) ML (5) (60-69%) or M (3) (40-49%)
CONSTRUCTION MANAGEMENT & QUANTITY SURVEYING	Diploma in Construction	25	23 – 24	Use NSC rating	4	4	5	--	--	--	Recommended: Any of the following: ACC (3), BUS (3), ECON (3), CIVT (3), EGD (3), CAT (3), IT (3), PS (3), TS (3)	M (N4) – 60%		E (5) (60 – 69%) M (5) (60 – 69%)
ELECTRICAL, ELECTRONIC & COMPUTER ENGINEERING	Diploma in Engineering Technology in Electrical Engineering	30	27 - 29 23 - 26 Waitlist	Method 2	4	4	5	--	4 or ET 4	5	Recommended: One of the following: CAT (4), IT (4), ELECT (4)	M (N4) – 60% ES (N4) – 60% Electrotechnics (N4) 60% Digital Electronics (N4) 60%		E (5) (60 – 69%), M (5) (60 – 69%) At least 3 of the following: ES (3) with 60%, Electrical Principles and Practice (3) with 60%, Electronic Control and Digital Electronics (3) with 60%, Electrical Workmanship (3) with 60%
	Diploma in Engineering Technology in Computer Engineering													
	Bachelor of Engineering Technology in Electrical Engineering	36	--	Method 2	5	5	5	--	5 or ET 5	5	Recommended: One of the following: CAT (5), IT (5), ELECT (5)	M (N4) – 60% ES (N4) – 60% Electrotechnics (N4) 60% Digital Electronics (N4) 60%		E (5) (60 – 69%), M (5) (60 – 69%) At least 3 of the following: ES (3) with 60%, Electrical Principles and Practice (3) with 60%, Electronic Control and Digital Electronics (3) with 60%, Electrical Workmanship (3) with 60%
	Bachelor of Engineering Technology in Computer Engineering													
INDUSTRIAL & SYSTEMS ENGINEERING	Diploma: Engineering: Industrial	30	27 - 29 23 - 26 Waitlist	Method 2	4	4	5	--	4	5	Recommended: MECHT (3)	E (N4) - 60% M (N4) - 60% ES (N4) - 60%		E (5) (60 – 69%) M (5) (60 – 69%) ES (3) with 60%
MECHANICAL ENGINEERING	Diploma in Mechanical Engineering	30	27 - 29 23 - 26 Waitlist	Method 2	4	4	5	--	4	5	Recommended: One of the following: ELECT (3), EGD (3), MECHT (3)	E (N4) - 60% M (N4) - 60% ES (N4) - 60%		E (5) (60 – 69%) M (5) (60 – 69%) ES (3) with 60%
	Diploma in Mechanical Engineering (Mechatronics)	30	--	Method 2	4	4	5	--	4	5	Recommended: One of the following: ELECT (4), EGD (4), MECHT (4)	E (N4) - 60% M (N4) - 60% ES (N4) - 60%		E (5) (60 – 69%), M (5) (60 – 69%), ES (3) with 60% Recommended: Electro Technology (3) (50 – 69%), Mechatronic Systems (3) (50

													– 69%)
MARITIME STUDIES	Bachelor of Marine Engineering	36	--	Method 2	4	5	5	--	5	5	Eyesight and Medical at approved SAMSA Medical Practitioner	M (N4) - 70% PS (N4) - 70%	E (4) M (6) PS (4)
	Bachelor of Nautical Science												
	Bachelor of Marine Engineering ECP	--	31-35 28 - 30 Waitlist	Method 2	4	4	4	--	4	4		M (N4) - 60% PS (N4) - 60%	E (5) M (5) PS (3)
	Bachelor of Nautical Science ECP												

Subject to the space availability, consideration will be given for admitting students to the ECP programmes with: English (4); with one of either Mathematics, Physical Science (4), and the other (3), with a minimum of 45%, or Technical Maths/ Technical Science (5) and the other (4) with a minimum of 55% for the following programmes only: Diploma in Chemical Engineering (ECP), Diploma in Civil Engineering (ECP), Diploma in Industrial Engineering (ECP), Diploma in Mechanical Engineering (ECP), Diploma in Engineering Technology in Electrical
Engineering (ECP), or Diploma in Engineering Technology in Computer Engineering (ECP). Meeting these requirements does not automatically imply that applicants will be accepted. First option for admission, selection and placement will be given. Pre-2008 Matriculants must contact the faculty office for information.
